OUR HISTORY

Balloons Restaurant was established in 1934 by the D'Angelo Family. It is one of Auburn's oldest eateries and soon became known as the place for steaks in town. In 1991, with my wife Terry, we purchased the restaurant & became the third proprietor. In keeping with the long standing tradition of being a great steakhouse, we did not want to change much. As you can see we have kept to our plan! We believe in serving the best quality food at the best price, while keeping Balloons as you have always known it.

Over the years Balloons has expanded our business to include catering. We have become one of the finest full service caterers in the area. Just like the restaurant, we have brought exceptional food and drinks into your home, office and beyond. We would like to thank you for your continued patronage and hope that we can help you make your next event a success.
